# DISCOVERING NEW LEADERSHIP

£600pp\*\*

Join experienced business psychologists, leadership development experts and nature-based facilitators **Jill Chapman** and **Gary King** on an immersive 2 day course at one of our favourite places: **The Centre for Alternative Technology, Machynlleth, Wales.**

We will be re-connecting with nature as we introduce you, as part of a diverse group of leaders, to develop your new leadership skills and awareness in a supportive environment.

At CAT, you will begin your journey to achieving your full potential as a leader. Our role is to provide the tools and create the conditions to guide you through important questions such as:

- What is new leadership and why is it needed?
- Why won't traditional leadership tackle today's challenges?
- What intelligences can we draw upon to help navigate uncertain territory?
- What changes do we want to make?
- How can we build the confidence needed to bring our new leadership to life?

For more information, or to book your place,  
email [info@createseven.org](mailto:info@createseven.org)

\*Discovering New Leadership starts at 9am on Friday 9th October. We would love you to join us in the evening on Thursday 8th October for a welcome and orientation session - *additional costs apply. Please contact us to discuss.*

\*\*£600pp includes overnight accommodation and 3 meals on Friday 9th, and breakfast / lunch on Saturday 10th - all at The Centre for Alternative Technology.
